

# MyiLibrary for Android

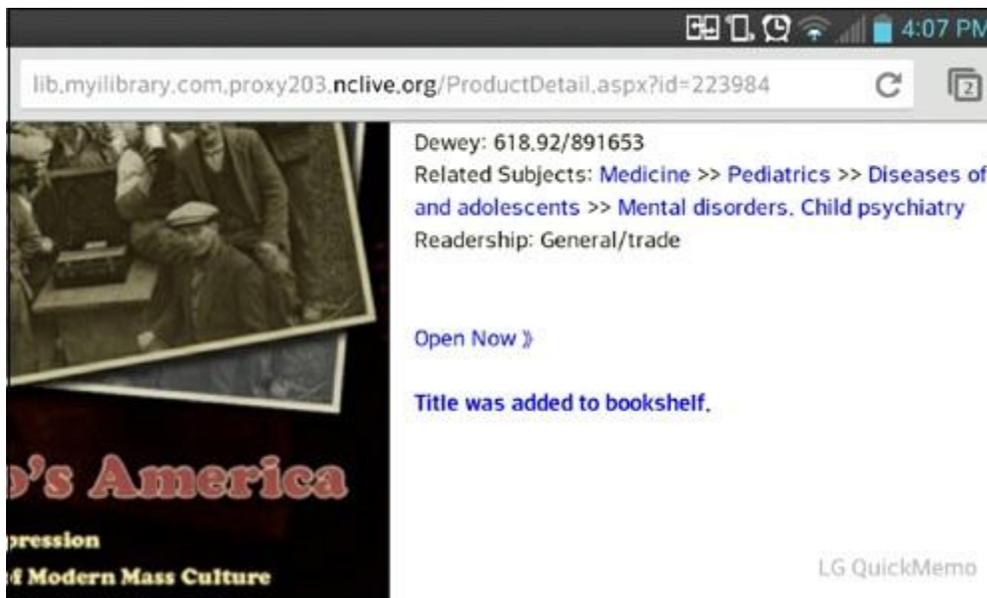

- 1) Create a MyiLibrary account if you have not already done so. [Follow these instructions on how to do this.](#)
- 2) Install the Bluefire Reader app (or another compatible eReader app) on your device, and authorize your device with your Adobe ID. If you do not have an Adobe ID, [follow these instructions on how to do this.](#)
- 3) On your Android phone or tablet, use your browser to access MyiLibrary eBooks. You can access this collection through your library's website, or via [nclive.org](http://nclive.org).
- 4) Find an eBook by searching or browsing the collection. Click on a title to see more details.

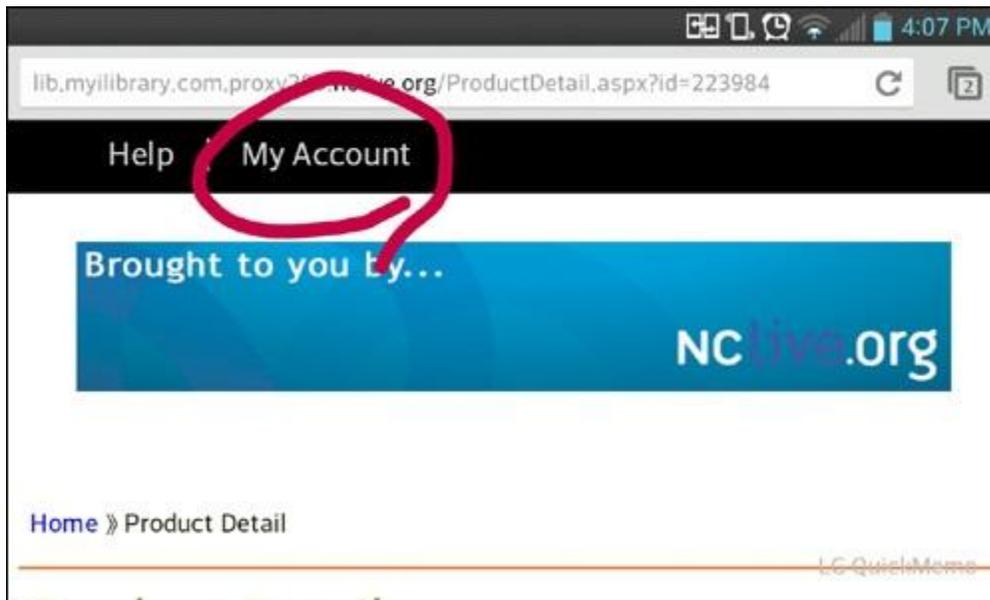

5) Click the “Add to Bookshelf to Download” link.

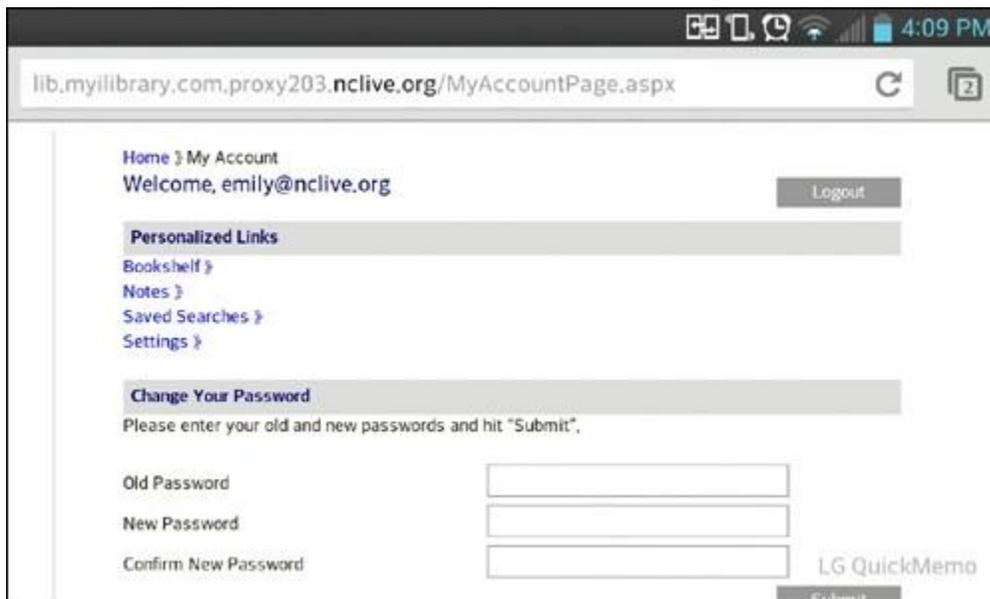

6) If you have not already signed in to your MyiLibrary account, you will be prompted to enter your Email Address and Password. Then click on the Submit button. You will be sent back to the Product Detail page, and you should see a notification that says “Title was added to bookshelf.”

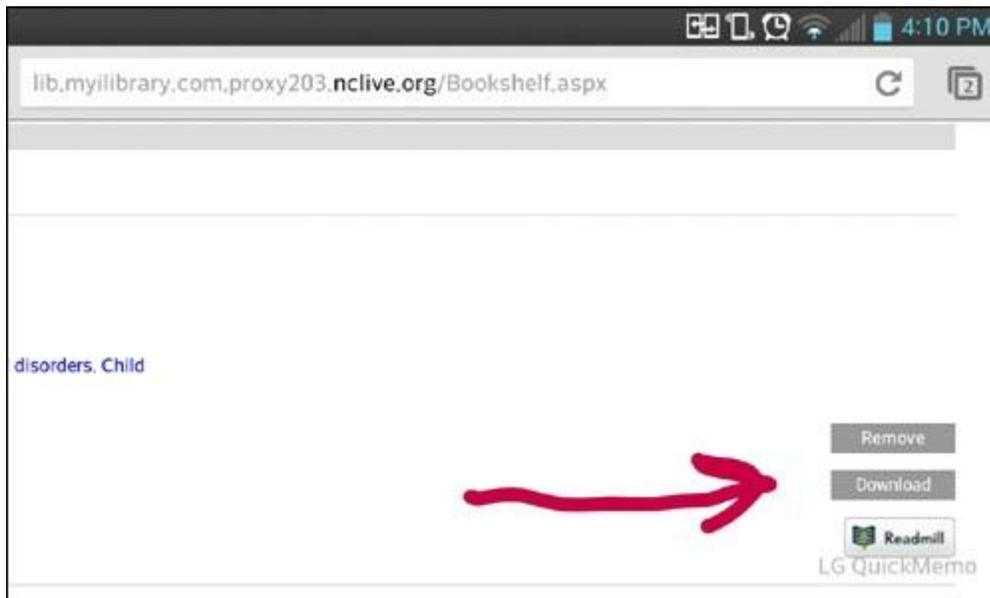

7) To download the eBook to your phone, click on “My Account.” You might be prompted to log in again.

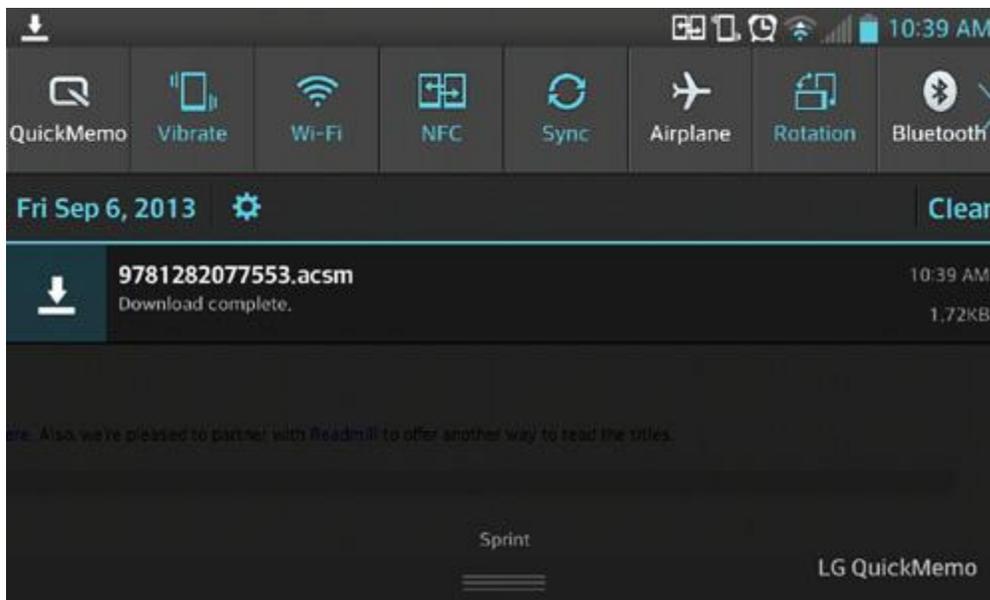

8) Click on “Bookshelf” to view your checked-out titles.

9) To download a title from your Bookshelf, scroll over to the far right of the page until you see the Download button.

10) Minimize your device's browser. Then find your downloads, and click on the eBook file when it has finished downloading. If your phone has the Bluefire Reader installed, the file should open automatically in Bluefire Reader.

11) When Bluefire Reader opens, click on Go To Library to see all of your downloaded eBooks, or click on Read Now to open the eBook you just downloaded.
