

# LIBRARY RESOURCES

## FOR TRANSFER STUDENTS

You can get many of the **same resources** as your community college library through your four-year college or university! Log in through your school's library website or through [nclive.org](https://nclive.org) with your student username and password.

### Research Support

**SIRS Issues Researcher** & **CQ Researcher** can help you decide on a research topic and give you essential background information.

**ProQuest Central** lets you search across databases for scholarly and peer-reviewed articles.

**Social Explorer** shows you demographic and environmental data (from the Census and other reliable sources) for context.

### Subject Practice

**PrepSTEP Academic** has self-paced lessons in math, science, English, and other subjects if you need extra practice. It also has tutorials on college success skills, like doing research, getting academic support, staying organized, and using AI.

**Transparent Language Online** has advanced language learning courses, and you can learn in the app on your phone.

### Career Guidance

**PrepSTEP Academic** has test prep for graduate school exams, like the MCAT, LSAT, and GRE, as well as Amazon Web Services (AWS) training.

**NCCareers.org** can help you discover careers and the academic programs you need to reach them at in-state institutions.
